## The new LVSSC Website is a big hit

I have reported in past newsletters that the Las Vegas Ski Club web site has been redesigned to benefit both the current members and to attract new members. The board feels that the website change has been a great success as we have been receiving very complimentary feedback. We have also seen an increase of new prospective members coming out to our general meetings and the TGIF's to see what we are about. Some have commented that the web site is impressive and very professional and that helped in their decision to join the club.

Have you visited? If you have internet access and have not viewed the website, the board invites you to check it out. Some of the new features include a member's only area with a member telephone contact list, photo's from our trips, a bulletin board and minutes from our board meetings.

The new public access pages include meeting notices, newsletters, (in case you misplace your copy) our trip schedule and the social event calendar. Wait, there's more: Member discounts at area retailers are listed plus links to FWSA activities. The trip schedule page also contains links to resorts we are visiting and to flyers with info on the trip. The site is packed with useful information.

Some positive side effects of the new site design include being contacted by other ski web sites and asked to add our website link to their page; having some of our members interviewed by What's On, A Las Vegas Guide magazine. All of the new exposure will serve the club well in the coming year and will help achieve the Board's goal of increasing our fun base of members. We hope you can take advantage of the site.

## **Ski or Shred the Colorado Rockies Vail, Copper Mountain, Keystone**

**February 9-13, 2006**

Four full days of skiing and boarding with only two day's off work. Now that's maximizing your time! Want ski-in, ski out? You got it. We're staying in the Village at Copper Mountain, right at the base of the lifts for all four nights. We also have bus transfers to both Vail and Keystone that will drop and pick up right at the base area. Air via United Airlines is included leaving Las Vegas on Thursday evening after work. We'll ski Copper Mountain on Friday, Vail on Saturday, Copper Mountain on Sunday, and Keystone on Monday, returning to Las Vegas Monday night. We'll enjoy a group dinner and party on Sunday night at Copper while all the locals are fighting the traffic back to Denver. Now for the best part....this trip is only:

# Trip Talk....

by Jim Shaw, Trip Director

## What's News....

....The Board of Directors has approved our entire ski trip schedule for 2005/2006 and finalized the pricing on all trips. Your trip committee is pleased to report that the tentative trip pricing targets have all been met except for Mammoth, where additional fuel costs for the bus forced the trip cost slightly higher. The best news is that you can deduct 3% off your final payment on all ski trips if you choose to make all your payments with cash or check. Space is limited on all ski trips so you are encouraged to sign up early by contacting your trip captain either by phone, email, or in person at a ski club function.

## Trip Leaders Needed.....

....We are still looking for some assistant trip leaders who want to help our trip captains run a fun and successful trip. Assistants will learn the skills necessary to lead future trips for the club. Since the club is a volunteer organization, this is an easy way to get involved and meet new friends. Please contact your trip captain or myself at 564.4780 or [jl.shaw@att.net](mailto:jl.shaw@att.net) if you are interested.

## Local Trips....

...Dave Berry is running a golf outing to Mesquite in September. This trip may have a couple of spots for the last minute travelers, so be sure to call Dave if you are interested. Non-golfers will also have a great time at the Casablanca Resort which features a full casino,

spa facilities, and a fabulous buffet. ...I am running a unique venue to Lake Havasu in October which combines horseback riding and a full day on Lake Havasu with all the water toys. With two horseback rides, ski boats, personal watercraft, and all your food covered for only \$239, this will truly be a great weekend outing. See the flyer in this newsletter or call for further info. There are only 8 spots left at the time of this writing.

## Distant Trip Schedule....

...Pat Parks is running a wonderful cruise to Mexico in November. Fly Jet Blue to Long Beach and enjoy a relaxing cruise weekend with your friends. Enjoy margaritas in Ensenada and perhaps pick up some super shopping bargains for the holidays. All your meals are included and both inside and outside cabins are available. At only \$489, this is a great value considering that airfare, transfers to and from the ship, accommodations, meals, and cruise is included.

...The ski trip schedule features some world-class ski destinations this year. It's been some time since the club has visited Telluride and Gary always runs a great trip. The Summit/Vail trip with four days of lifts included is the best Colorado value in the market and includes the #1 rated ski destination in the country. The Tahoe trip this year combines both the north shore and the south shore with the club staying at the Horizon in Stateline, right where all the action is. We will be skiing Heavenly Valley, Squaw, and Sierra at Tahoe on this trip. For skiers or snowboarders on a budget, the Salt Lake City trip is an inexpensive way to experience some light, dry conditions second to none. Two of our annual trips, Brianhead

and Mammoth, are always popular and inexpensive. And Marcia scored a smokin' deal on some condos at Whistler, which is rated the number one ski destination in North America by Skiing Magazine. Whistler is a week long trip with some of the finest runs anywhere and lifts are included in the price. Come party with us in British Columbia (man, those Canadians sure know how to drink). The snow conditions are forecasted to be excellent, so get your calendar out and start planning which trips you can work into your schedule.

...I am also starting to get pricing on our non-ski trips that will take place after ski season in 2006. We have an Arizona trip planned to Indian Country including Canyon de Chelly, Monument Valley and the Grand Canyon, Napa Wine Country for the 4th of July weekend, and a Lake Powell Houseboat Trip for Labor Day. The future of Lake Powell is in question and this may be the last time you will be able to take a houseboat on the lake, which is truly a breathtaking experience with scenery that will amaze you.
